## AMCO ENCLOSURES

[www.amcoenclosures.com](http://www.amcoenclosures.com)

Enclosures - Electronic/electrical cabinets, consoles, portable and workbench cabinets. Shielded available. Cooling devices.

## CARLING TECHNOLOGIES

[www.carlingtech.com](http://www.carlingtech.com)

The industry leader in rockers, toggles, sealed switches and circuit breakers. They have served a multitude of markets since 1920 with unmatched reliability.

## DATAKEY

[www.datakey.com](http://www.datakey.com)

Rugged portable memory systems for demanding OEM applications. Secure and uses standard industry formats.

## EAO SWITCHES

[www.eaoswitch.com](http://www.eaoswitch.com)

World leader in HMI interface systems and components. Pushbutton, E-Stop, illuminated switches, keylock, lever, joysticks and buzzers.

## HALLMARK TECHNOLOGIES

[www.hallmarknameplate.com](http://www.hallmarknameplate.com)

Custom graphic overlays, name plates, membrane switches, control panel assemblies.

## HELLERMANNTYTON

[www.hellermanntyton.us/defense](http://www.hellermanntyton.us/defense)

Industry leader in heatshrink products and molded shapes. Strain-relief boots, transitions and connector backshell covers for a variety of industries. Custom shapes available.

## ISODYNE

[www.isodyneinc.com](http://www.isodyneinc.com)

Tool-less braid termination systems specifically designed for wire harnesses requiring shielding from EMI/RFI or HERF and lightning.

## MACOM

[www.macom.com](http://www.macom.com)

RF Components – GaAs MMIC Devices, LNA, amplifiers, diodes, transistors, switches, mixers, drivers, attenuators, VCO's, GaN power, etc.

## QUELL

[www.eeseal.com](http://www.eeseal.com)

EMI/RFI filters for a wide variety of connectors. Patented silicone rubber inserts for circular, rectangular and D-sub connectors. Meets rigorous Military testing standards.

## RCD

[www.rcdcomponents.com](http://www.rcdcomponents.com)

World leader in the mfg. of standard and custom Resistors, Coils, Delay lines and Inductors. Market leading SWIFT™ program delivers parts in ONE week.

## SCHAFFNER EMC

[www.schaffnerusa.com](http://www.schaffnerusa.com)

Full range of power line EMI filters, transformers and chokes. Filters include IEC power entry modules plus single and three phase chassis mount units. Custom solutions available.

## TRIAD

[www.triadmagnetics.com](http://www.triadmagnetics.com)

Standard and custom transformers, switching power supplies. Switchmode/high frequency, wall plug-in, power, inductors, audio transformers.

## VOLEX

[www.volex.com](http://www.volex.com)

The world's largest producer of power cords and harnesses. Specializing in high speed, datacom and optical connection solutions. RF, fiber and high speed connectors also available.

## ZIERICK

[www.zierick.com](http://www.zierick.com)

Engineered interconnect solutions. Quick disconnect, crimp terminals, ring terminals, IDC and IPC wire to board connectors. Wide variety of standard interconnect parts. Custom solutions available.
