Web: www.netsalesco.com

www.amcoenclosures.com

AMCO Enclosures is a recognized leader in the design, manufacture and integration of standard or custom electronic racks and cabinets for all segments of industry. As a supplier to the US Military, the requirements and attention to detail needed for these programs created a standard line of enclosures that still sets the industry standard to this date. Our standard rack product lines provide solutions for nearly any enclosure requirement. AMCO can manufacture custom racks to meet your specific requirements.

Distribution: n/a

www.carlingtech.com

Carling Technologies Inc. has a diverse line of products that serve a multitude of markets. Rocker and toggle switches that range from board level to completely sealed for the harshest environments. Circuit protection ranging from thermal to Hydraulic/Magnetic circuit breakers. Carling has continued to aggressively develop advanced switching and circuit protection products to serve the Marine, On/Off Highway, Military, Telecom and Renewable energy markets.

Distribution: Allied, Avnet, Digi-Key, Masline, Mouser, Newark, Sager, Simcona, tti, Wesgarde

www.crouzet.com

Crouzet is an industry leading company manufacturing electromechanical and electronic components for demanding applications in Aerospace, Transportation, Energy, Building and Machinery Industries. Crouzet manufacturers Switches and Sensors, Electromechanical Actuators, Electrical Protection Equipment, Cockpit Controls, Automation Controllers and Relays, and Instrumentation Services.

Industrial Distribution: Allied, Digi-Key, Mouser, Newark, Simcona Electronics

Aerospace Distribution: Boone Aerospace, Electro Enterprises, Wesco Aircraft

www.datakey.com

Rugged portable memory systems for demanding OEM applications. Datakey leads the industry by offering a complete range of ultra-rugged, fully engineered portable memory solutions. Datakey products are used worldwide in hundreds of industrial, medical, military and commercial applications. If you're looking for the most secure and reliable way to store and transport data, they have it!

Distribution: n/a

www.electronics.us

Since 1983, Electronetics has specialized in providing custom magnetics solutions for a wide variety of medical, aerospace, audio, and industrial applications. Electronetics deploys the most advanced technology available to ensure innovative design, unrivaled performance and rigorous quality control. Electronetics manufactures Custom Magnetics, Power Transformers, Audio Transformers, Inductors and Chokes, Current Sensing Transformers, and High Frequency Magnetics.

Distribution: Allied, Arrow, Beyond, Digi-Key, Future, Masline, Newark, Simcona

www.hallmarknameplate.com

Hallmark Nameplate operates from a manufacturing location in the heart of Central Florida producing Name Plates, Graphic Overlays and Membrane Switch assemblies. Our engineering and manufacturing expertise stretches across more than 50 years and thousands of products for the medical, aerospace, computer, telecommunications, and OEM industries. In addition to our product identification services, we offer extensive capabilities in complete electronic assembly.

Distribution: n/a

www.king-cord.com

KING-CORD Co. is a manufacturer and distributor of A/C power cords used in IT, office equipment, home appliances, lighting applications and industrial equipment among other electrical products. KING-CORD's main production plant is located in Shenzhen, China, and has a sales presence in USA, Europe, Taiwan, Japan and the Middle East. As a global manufacturer, KING-CORD has safety approvals from 29 international agencies worldwide and is certified to ISO 9001 and ISO 14001 standards.

Distribution: Beyond, Cam RPC, Masline, Simcona, SMD, Wesgarde

www.eeseal.com

Quell Corporation designs and manufactures EMI/RFI and transient protection solutions specific to our customer's applications and products. Quell Corporation has been committed to providing top-quality EMI/RFI filters for a wide variety of connectors. EESeal® our patented silicone rubber electronics packaging technology, has played a significant role in solving EMI problems for our customers worldwide.

Distribution: Astute Electronics, BTC Electronics, Powell

www.schaffnerusa.com

Schaffner offers a broad range of products and services including EMC/EMI filters and chokes, active and passive harmonic filters for power quality, and power magnetic systems and components, for low and medium voltage applications. Schaffner products and systems are deployed in energy-efficient motor-drives, rail and traction power, heavy and general industry, oil & gas, water/waste water, also in wind power and photovoltaic systems, machine tools and robotics as well as power supplies and for numerous electronic devices.

Distribution: Allied, Arrow, Digi-Key, Heilind, Masline, Mouser, Newark, Sager

www.tewa-sensors.com

World leader in NTC Thermistor and Temperature Probes. TEWA produces NTC/PTC thermistor sensors, PTRTD sensors and Thermocouples. Our expanding organization has operated in the electronics market for almost half a century, constantly enhancing and improving our thermistor manufacturing processes. To meet the requirements of this competitive market, Tewa Temperature Sensors has adopted a policy of continuous quality improvement of both product and service.

Distribution: Digi-Key

www.triadmagnetics.com

Triad manufacturers Switch Mode/High Frequency, Wall Plug-In, Power Transformers, Inductors or Audio Transformers for a variety of markets. Triad Magnetics' pioneering design process promotes innovation. As an experienced custom power magnetics solution provider, we offer a variety of magnetics products ranging from Power Transformers to Chokes and Current Sense Transformers.

Distribution: Allied, Arrow, Beyond Components, Digi-Key, Future, Masline, Newark, Simcona

www.usasealing.com

USA Sealing is a Global Leader in Sealing, Flow, and Material Technologies. They specialize in custom manufactured products for manufacturers needing; O-Rings, Gaskets, Seals, Grommets, Compression Packing, Tubing, Hoses, Fittings and a variety of raw sheet material.

Distribution: Fastenal, Grainger, McMaster-Carr

www.zierick.com

Zierick Manufacturing Corporation has been in business for over 95 years and is a leading source of solutions for complex interconnection requirements. Zierick produces a wide range of surface mount and through hole connectors and assembly equipment for wire to board connection. Zierick serves numerous markets with an emphasis on Industrial Controls, Automotive, HVAC, Solid State Lighting, Medical and Security

Distribution: Simcona
